

ALAGUERO

Antoine

Postdoc

About me

I am a 26-year-old post-doctoral researcher in planet formation based in Grenoble, France.

EXPERIENCE & EDUCATION

Institut de Planétologie et d'Astrophysique de Grenoble, France

Université Grenoble Alpes, France

2025 - now

Postdoc:
Planet formation in multiple stellar systems
with N. Cuello

2023-2024

Teaching optics to bachelor students

2022 - 2025

PhD :
Planet formation in multiple stellar systems
supervised by N. Cuello and F. Ménard

2022

Magistère in Physics
Master degree in Astrophysics

2021 - 2022

Internships :
Planet formation with the ELT
Disc dynamics in triple systems
supervised by N. Cuello, M. Benisty, F. Ménard

2020

Bachelor degree in Physics

SKILLS

Professional : **Personal**

Teamwork

Ambitious

Outreach

Perseverant

Bringing people together
